

Introducing BCCC

Located in the City of Playford, Blakes Crossing Christian College was the tenth College of the family of independent schools operated by Christian Community Ministries Ltd (CCM). CCM is a not-for-profit company that strives to develop distinctively Christian schools of the highest standards, for the glory of God.

CCM has considerable experience in establishing new schools and is frequently called upon by various industry groups and individuals to lend its expertise and/or advise on matters critical to successful independent education.

From humble beginnings, all CCM Colleges have experienced healthy growth and, with the help of Federal and State Government funding, are continually developing facilities that are modern and, in some case, state-of-the-art. Blakes Crossing Christian College continues this trend.

The College is part of an education and community precinct in the land development known as Blakes Crossing, in the suburb of Blakeview, South Australia. Interest in the school has been high since we first opened our doors in January 2014. Blakes Crossing Christian College continues to enjoy strong support from our local community.

The College opened its doors to students, from Reception to Year 5, at the commencement of Term 1, 2014, adding one year level in each succeeding year through to Year 12. Subject to demand, the College facilities continue to be built stages and will eventually cater for approximately 700 students.

The College curriculum follows the Australian Curriculum and meets all State and Federal accreditation requirements, being taught from a distinctively Christian worldview.

The aim of Blakes Crossing Christian College is to give every student a positive, exciting and solid foundation through the provision of care and understanding in an environment of quality education. CCM believes that this combination will develop a sense of belonging, security and engagement in school which will provide students with an excellent launch pad into life.
