## Blakes Crossing Christian College

Located in the City of Playford, Blakes Crossing Christian College is the tenth College of the family of independent schools operated by Christian Community Ministries Ltd (CCM). CCM is a non-profit company that strives to develop distinctively Christian schools of the highest standards, for the benefit of the community and to the glory of God.

CCM has considerable experience in establishing new schools and is frequently called upon by various industry groups and individuals, to lend its expertise and/or advise on matters critical to successful independent education.

From humble beginnings, all CCM Colleges have experienced healthy growth and with the help of Federal and State Government funding, are continually developing facilities that are modern and in some cases, state-of-the-art. Blakes Crossing Christian College will continue this trend.

The College is part of an education and community precinct in the Lend Lease development known as Blakes Crossing. Interest in the school has been high prior to and since our opening and CCM expects the

College will continue to enjoy strong support from the local community.

The College opened its doors to students — from Reception to Year 5 — at the commencement of Term 1 2014, adding one year level in each succeeding year through to Year 12. Subject to demand, the College facilities will be built in seven stages over a 10-year period and will eventually cater for approximately 700 students.

The College curriculum will meet all State and Federal accreditation requirements, while being taught from a distinctively Christian world-view.

The aim of Blakes Crossing Christian College will be to give every student a positive, exciting and solid foundation through the provision of real care and understanding in an environment of quality education. CCM believes that this combination will develop a sense of belonging, security and engagement in school which will provide students with an excellent launch pad into life.
